SWITCH ON INSPIRATION

Mundhira Brothers

PRICELIST: NOVEMBER 2021

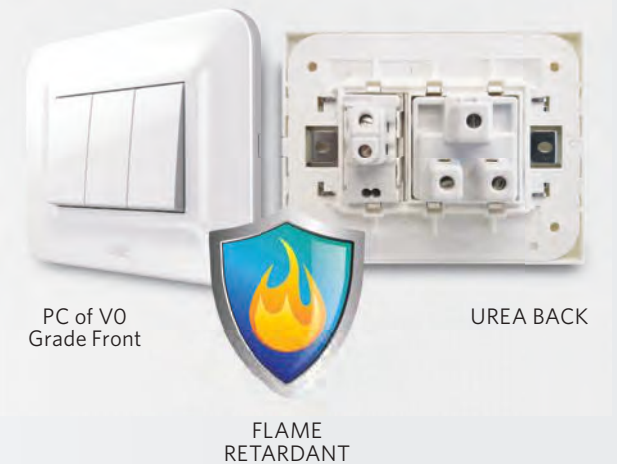

SWITCH TO THE WORLD OF GLAMOUR.

Mundhra Brothers

EXTRA SAFETY

Urea back and front PC of V0 grade material used provides extra safety. It has flame retardant properties, which makes the switches safer with a longer lifespan. It also has higher heat resistance properties as compared to PC of other grades and thermoplastics. In addition to this, the moulding of the switches is not easy. The technology used in developing the special designs and shapes involves high cost and hi tech infrastructure, which makes the duplicity of the product very difficult.

SLIM & SLEEK DESIGN

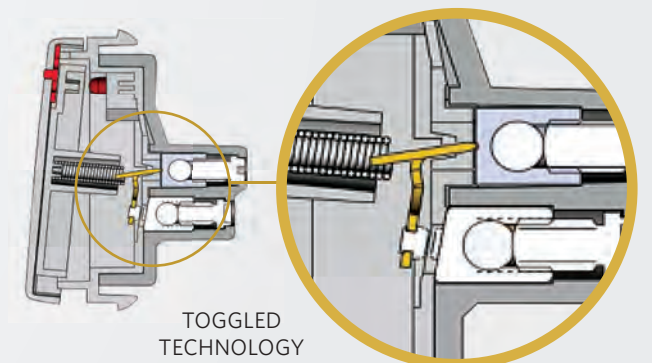

The special slim & sleek design of the new ROMA range is crafted for the modern generation who want their space to be more than just a space. The unique curve design of the cover plate gives these switches a smooth finish. The curved look makes the space classier and more glamorous.

SUPER GLOSSY FINISH

The super glossy finish gives these switches the ultimate premium look. They effortlessly complement the interior decoration of a space. Plus, the design also ensures that dust does not settle easily.

TOGGLED TECHNOLOGY

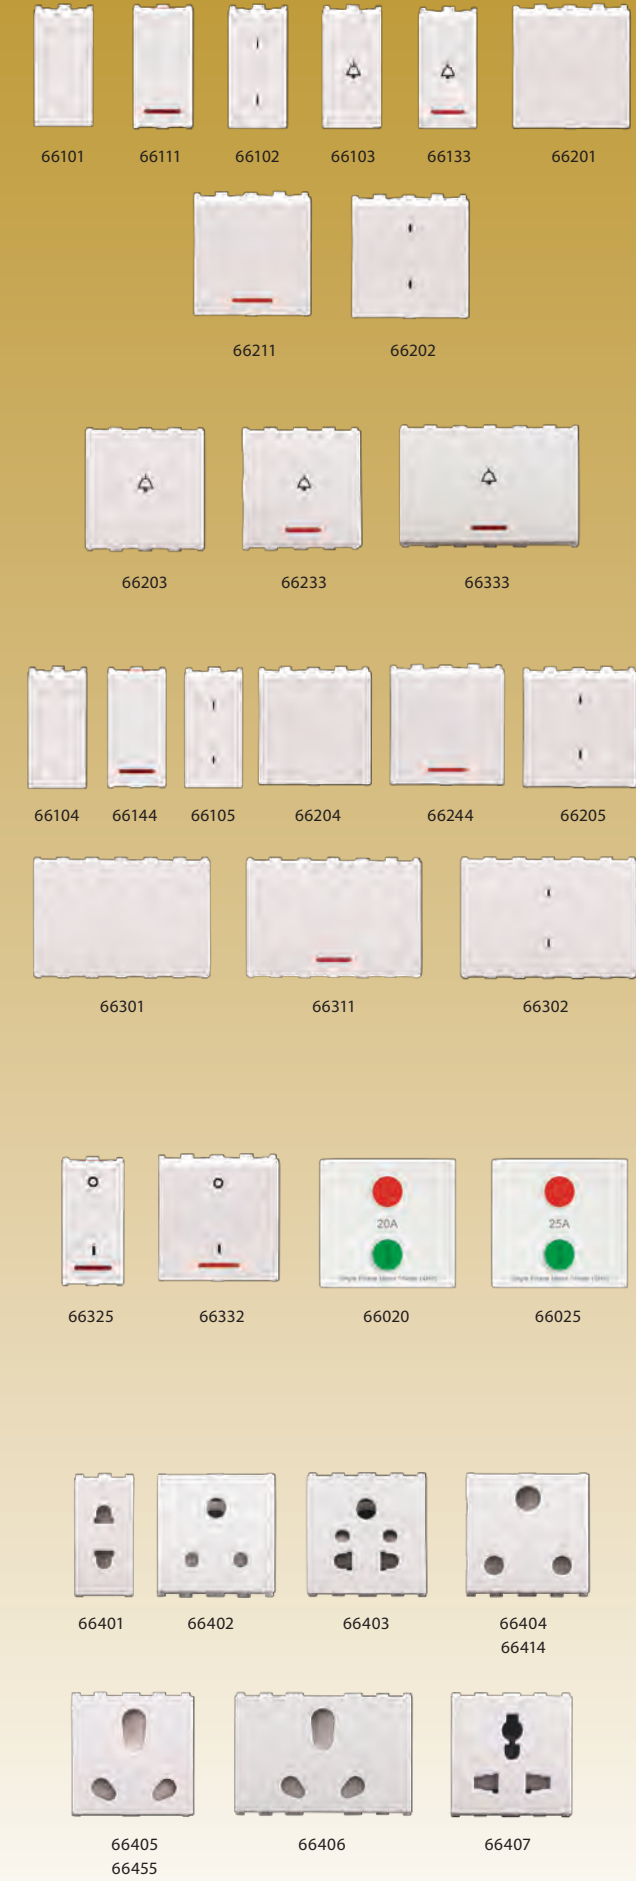

The all new range of ROMA is not only pleasing to the eyes but also to the ears. Toggle type mechanism is an advanced switch operation technique which provides soft sound. It makes the switches easy to operate and also increases the lifespan of the switch.

Item	Description	HSN	MRP ₹ Per N (incl. of all taxes)	Standard Packing Quantity
FAN REGULATORS & DIMMERS				
66501	100W, Step Fan Regulator, 1 Module	84149030	479.00	20N
66502	100W, Step Fan Regulator, 2 Module	84149030	641.00	10N
